

MINIVERSE RECALL FAQs

Which Miniverse products are being recalled?

- All Miniverse products that contain unused liquid resin including “Make It Mini Appliances,” “Make It Mini Food,” and “Make It Mini Lifestyle.”

What is the reason these are being recalled?

- The recalled Make-It-Mini sets contain resins that when in liquid form or part of an uncured creation can cause skin, eye, and respiratory irritation or sensitization when inhaled, touched, or ingested by children or adults. After the resins cure, they no longer present these hazards, as noted in CPSC’s announcement.

Why does this apply to the liquid resin only and not the hardened resin?

- After the resins cure, they no longer present the hazards identified in the CPSC’s recall announcement.

What are the specific chemicals of concern?

- The resins contain acrylates (hydroxyethylmethacrylate (“HEMA”) and isobornyl acrylate (“IBOA”)) in amounts that CPSC staff has found are prohibited in children’s products by the Federal Hazardous Substances Act.

How many incidents have been reported associated with cause of concern?

- With over 21 million units of Miniverse sold since 2022, MGA has identified 26 reports from children and adults, including seven reports of skin irritation and one report that a consumer’s asthma was triggered. Based on the information available to MGA, none of these were of a critical nature.

What do I do if I have an unused Miniverse product?

- Visit mgae.com Help Hub Recalls and submit the required information to participate in the recall.

What is the remedy for this recall?

- The remedy upon returning a recalled item with unused resin is the consumer’s choice of a replacement product of equal value or a refund. The choice of remedy is yours to make, and both are at no charge to you.

What is the replacement?

- The replacement product is Miniverse Little Tikes Minis. It is not Make It Mini.

What if I have multiple unused Miniverse products?

- You will receive a replacement or refund for each unit received back by MGA, at no charge to you.

Will MGA pay for shipping back the unused product back?

- Yes. As part of the process, you will receive shipping labels to return the product to MGA at no charge.

How long will it take to receive my replacement?

- Up to 12 weeks once your unused product is received back at MGA.

Where is this recall happening?

- This recall is currently specific to the USA and Canada only.

If I have multiple products, do I need to submit a form for each one?

- No, one contact form is sufficient for all your products.
